Hi David

Do you think e-mail will eventually replace "snail mail"?

Somehow this just seems more personal and thoughtful. I want to **thank you** for sending that World Family Tree file.

I'm having a great time with it. I'll be "doing" for weeks because over 3,000

(I think). I'm going through my printed records one-by-one <sup>item by item</sup> and adding that source. Also dates: WFT had <sup>some</sup> estimated dates but I have actual dates. When I finish ... then I can see if there are other links on other CDs (and the 'net) but first-things-first.

My purchase of a scanner proved expensive! The →

Scanner was \$99 but I've upgraded 2 software that came with it. Also, I've ordered <sup>WFT</sup> more CDs for FTM. So my visit in Staples on March 15<sup>th</sup> was very expensive (in the long run).

Best wishes from  
"cousin" Lorraine

P.S. I had a Sumese cat like one on the label. No pets (except <sup>EXPRESSIONS GREETINGS, LTD.</sup> stuffed animals).
